

Health & Social Care Guidance for COVID-19 testing within Swansea Bay University Health Board

Please reference the current guidance below, to determine which pathway to follow.

The current guidance is [COVID-19 testing for health and social care workers | GOV.WALES](#)

Please note that if an LFT has already been carried out and a **positive result provided, you will not require a PCR**. PCR is only applicable to those who are **symptomatic**.

Should it be determined that a PCR is required for your given setting, the following contact details will apply;

Health & Social care staff, call the COVID-19 Results & Referrals team:

- 01639 862757

Care home residents, prisoners and residential special schools, the manager/person in charge please email the COVID-19 Results & Referrals team:

- Sbu.neathpch@wales.nhs.uk
- Please include details of the patient, symptoms and the result of a lateral flow if taken.
- Please note that we will only be testing 3 residents per outbreak.
